

Mid-term assessment protocol
Minutes of the meeting of the mid-term assessment Committee

The mid-term assessment was carried out on the basis of:

- doctoral student's report,
- opinion of the supervisor / supervisors / assistant supervisor,
- an oral or multimedia presentation by a doctoral student,
- discussions with the doctoral student.

The implementation of the doctoral student's individual research plan was assessed remotely via the "Zoom.us" platform. The course of the public part of the mid-term assessment Committee meeting was recorded on video.

Assessed PhD student

professional title, name and surname of the doctoral student	Mgr Dagmara Ewa Leszczyńska
supervisor/supervisors	Dr hab. Anna Hallmann
assistant supervisor	Dr hab. Anna Roszkowska
scientific discipline	pharmaceutical science
the title of the doctoral dissertation project	Application of solid-phase microextraction (SPME) technique under in vivo conditions in environmental and experimental studies with a focus on the marine environment - the fjords of Svalbard (Arctic) and the southern Baltic Sea and benthic organisms

Mid-term assessment Committee comments: The Committee, as a result of the evaluation of the submitted documents and the interview with the PhD student, unanimously assessed positively the implementation of the research plan by PhD student Dagmarę Ewę Leszczyńską. The assessment of the Supervisors was positive. The PhD student answered the Committee members' questions correctly, demonstrating great knowledge of the doctoral dissertation topic. The committee concluded that there were no concerns regarding the continued and successful implementation of the individual research plan.

Mid-term assessment result of doctoral student Dagmary Ewy Leszczyńskiej: positive / ~~negative~~ *

Detailed justification by the mid-term assessment Committee regarding the result of the mid-term evaluation:

The committee thoroughly reviewed the presented documentation and listened to the PhD student's presentation. The presentation received a very high rating, and the evaluation committee was impressed with the unique study

strategy and its execution. There were no significant remarks. All committee members were convinced that the PhD student's project is very ambitious and likely to result in publications in renowned journals. According to the committee, D. Leszczyńska is a very promising doctoral student whose progress in research for her doctoral thesis is highly satisfactory. Based on the above, the committee expressed a positive opinion on the progress in preparing her dissertation.

The mid-term assessment Committee composed of:

- 1) prof. dr hab. Magdalena Prokopowicz – Chairperson of the mid-term assessment Committee
- 2) prof. dr hab. Wojciech Miltyk
- 3) prof. dr hab. Katarzyna Zorena

The mid-term assessment was carried out on 25 September 2024
