

Mid-term assessment protocol
Minutes of the meeting of the mid-term assessment Committee

The mid-term assessment was carried out on the basis of:

- **doctoral student's report,**
- **opinion of the supervisor / supervisors / assistant supervisor,**
- **an oral or multimedia presentation by a doctoral student,**
- **discussions with the doctoral student.**

The implementation of the doctoral student's individual research plan was assessed remotely via the "Zoom.us" platform. The course of the public part of the mid-term assessment Committee meeting was recorded on video.

Assessed PhD student

professional title, name and surname of the doctoral student	Mgr Ada Kawecka
supervisor/supervisors	Dr hab. Barbara Kutryb-Zajac
assistant supervisor	-
scientific discipline	Medical Sciences
the title of the doctoral dissertation project	Moonlighting functions of adenosine-related ecto-enzymes in cardiovascular pathologies

Mid-term assessment Committee comments:

The Committee, as a result of the evaluation of the submitted documents as well as the interview with the PhD student, unanimously assessed positively the implementation of the research plan by mgr Ada Kawecka. The assessment of the Supervisor was positive. The PhD student answered the questions of the Committee members exhaustively, demonstrating great knowledge of the topic of the doctoral dissertation.

Mid-term assessment result of doctoral student Ada Kawecka: positive / ~~negative~~ *
