

Mid-term evaluation protocol  
of the implementation of an individual research plan  
of the PhD student at the First Doctoral School of the Medical University of Gdańsk

The mid-term evaluation was carried out on the basis of:

- doctoral student's report (Annex 1 to the protocol),
- opinion of the supervisor / supervisors / assistant supervisor (Annex 2 to the protocol),
- an oral or multimedia presentation by a doctoral student,
- discussions with the doctoral student.

The implementation of the doctoral student's individual research plan was assessed remotely via the "Zoom.us" platform. The course of the public part of the mid-term evaluation commission meeting was recorded on video.

Detailed justification by the Commission regarding the result of the mid-term evaluation:

The committee carefully reviewed the submitted documentation and the PhD student's presentation. The presentation was given a very high rating, and the evaluation committee was impressed with the unique study strategy and the manner in which it was executed. There were no significant remarks. All the committee members were convinced that the PhD student's project is very ambitious and likely to result in publications in renowned journals. According to the Commission, M. Biesemans is a very promising doctoral student whose progress in research for her doctoral thesis is highly satisfactory. The committee unanimously issued a positive opinion.

The mid-term evaluation committee composed of:

- 1) dr hab. Małgorzata Grembecka – Chairman of the mid-term evaluation committee
- 2) prof. dr hab. Magdalena Prokopowicz
- 3) prof. dr hab. Krzysztof Józwiak

The mid-term evaluation was carried out on 20<sup>th</sup> September 2023.
